Central Count Incident Report

Incident

On the Central Count tabulators, the time did not advance forward one hour as expected after daylight savings on March 10th.

This did not impact the tabulation of ballots; however, starting on March 10th, workstations reflected time is one hour behind and all audit reports are impacted.

Subject: Primary Election – March 5, 2024

One-Percent Manual Tally pursuant to California Elections Code Section 15360

Voting System: Shasta County uses the Hart InterCivic 3.2 voting system. All vote by mail (VBM) and election day ballots were tallied by Central Count.

Four precincts were randomly selected at 3:55pm on March 6, 2024, by utilizing a random precinct draw for the single-precinct full-ballot count. In addition to the randomly selected precincts, the Registrar of Voters added all ballots tabulated on or before March 15, 2024, for the Recall of Supervisor District 1. The Registrar of Voters added sampling of ballots tabulated on or before March 15, 2024, for the Supervisor District 2 contest.

Manual tally for VBM and PCT ballots was started on March 12, 2024, and continued for a total of 7 days. The manual tally was conducted by three teams of four individuals, with supervision and oversight provided by the Assistant County Clerk/Registrar of Voters. There were approximately 48 members of the public that observed the process.

14,727 total ballot cards that contained 23 contests were examined. Tally types in the 1% manual tally included both polling place (ED) and vote by mail ballots (VBM). There were 1,639 ED ballots and 13,088 VBM ballots.

There were 3 variances found between the manual tally and Central Count. After review of the discrepancies, it was determined that all issues were caused by human error, the system tabulated as expected.

- During adjudication a ballot was tallied as an overvote where credit should have been given to the “no” vote for the recall.
- The voting system showed 98 cards in a batch, but the hand count showed 100 ballots. After review of the process, it revealed that when the batch was scanned,

a ballot jammed when being tabulated. Staff did not follow proper procedure. The batch should have been discarded and re-run. To mitigate this issue, staff determined which two ballots had not been tabulated by the voting system and tabulated them.

- A voter failed to make a substantial mark in the target area and only marked a '-' line. The dash was not tabulated by the voting system but considered a valid vote during hand count.

Redistricting and Precinct Boundary Changes

Election Codes § 21506-21

Every ten years, once the Census data is collected Counties must redraw the Supervisor district lines to rebalance the population. The lines are redrawn to ensure that each board member represents about the same number of constituents.

This process was completed in December 2021. New maps were adopted that significantly changed the boundaries of each supervisor district. When updating our precinct boundaries, we also renumbered every precinct. The following key will provide information on how to map the precinct to historical data.

Precinct Number Map						
0	1	2	0	3	9	0
0	Leading zero.					
	1	This number is the Supervisor District the where the precinct is located. (1-5)				
		2	This number describes the city where the precinct is located. 1 – City of Anderson 2 – City of Redding 3 – City of Shasta Lake 9 – Unincorporated Area			
			0	This is a reference for the historical precincts that had portions.		
¹ The last three digits are the historical precinct number.				3	9	0

¹ The precincts in the City of Shasta Lake, historically were four digits. (1000)
