STATE OF ILLINOIS  
COUNTY OF WILL

Executive Walsh called the meeting to order.

Member Adamic introduced Senior Pastor Jarad Houser from Shorewood Church of God, Shorewood, IL, who led the invocation.

Executive Walsh stated can we all stand. I would like to ask for a moment of silent prayer for a very dear friend of ours that was with us for many years and attended many, many of the County Board Meetings, our good friend Lee Adelman who passed away last month, his work with Waste Management; we were in partnership with him and he'll be sorely missed.

Member Adamic led the Pledge of Allegiance to our Flag.

Member Adamic introduced Senior Pastor Jarad Houser from Shorewood Church of God, Shorewood, IL, who led the invocation.

Roll call showed the following County Board Members present: Zigrossi, Moustis, Howard, Ogalla, Izzo, Moran, Rice, Traynere, Bible, Goodson, Freitag, Gould, Balich, Fricilone, Winfrey, Adamic, Babich, Wilhelmi, Hart, McDermed, Weigel, Collins, Ferry and Brooks. Total: Twenty-four.

Elected Officials present were: Auditor, Duffy Blackburn; County Clerk, Nancy Schultz Voots; County Executive Larry Walsh; Recorder of Deeds, Karen Stukel; Sheriff Paul Kaupas; and Treasurer Steve Weber.

News media present: Alice Fabbre, Chicago Tribune; Nick Reiher, Farmer's Weekly Review & Bugle; Cindy Cain, Herald News; Rex Robinson, The Times Weekly; and Sarah Baldermann, WJOL.

Executive Walsh stated also it's an honor to recognize some special guests that we have here today in the gallery. There's a delegation of members from Shenzhen City in China that have been visiting Will County this week, and have been learning about County Government operations and as well as economic opportunities. Shenzhen is in Southern China near Hong Kong and was established in 1980 as a special economic zone. The city has more than fifteen million residents and has become a high tech in manufacturing hub for Southern China. They are here to observe other important functions of County Government, our Democratic process in action. We are proud to show our visitors the workings of County Government, and are hopeful of building economic partnerships in the future. A warm welcome...

### **CITIZENS TO BE HEARD**

Executive Walsh stated I would like to introduce and ask Mr. Mike Rittof if he would please come down. He is the Chairman of our United Way of Will County Campaign.

Mr. Mike Rittof stated good morning Executive Walsh and the County Board. My name is Mike Rittof. I am with Private Bank and Chair of this years' United Way campaign and with me I have our Executive Director Michael Hennessy. We're here today, first off, to thank you for your support for the 2012-2013 campaign. The County Board graciously

donated \$25,000.00 towards the campaign and your employees and staff contributed an additional \$43,479.00, for a total of \$68,479.00 which placed Will County in the top ten contributors in last year's campaign. That's great. We appreciate that. However, we had a goal of

\$4 million one thousand and one dollar and we unfortunately were 5.5% under that goal. Our final numbers were \$4,793,342.00. As a result of that, we were not able to fund all the requests from our 46 partner agencies. At your place you have a brochure that lists the partner agencies along with the number of people that are served in Will County. As you can see in 2012 we served over 449,000 people with the various agencies that are provided funding by United Way. So, we're here first off to thank you but we're also here to make an appeal that you will step up and support us again this year. We hope at the same level or greater. I know that you have financial constraints also. This year is the first time in 24 years that we've actually set a goal less than the previous years' goal. We've had some companies that were major participants of the United Way campaign that are not holding a campaign this year. We had some other companies that have actually moved out of Will County. So, we're optimistic we'll surpass our goal, but we're also trying to be realistic in what we can obtain. So, we set a goal this year of \$3,742,001.00; and that \$1.00 just signifies that if everybody would just step up and give one dollar a week what an impact that would make. I think it would generate over 15 additional million dollars if everybody would do that. So, as you kick off your campaign this year, we'd ask that you stress the need that our 46 partner agencies need and hopefully Will County will be in the top five instead of the top 10. Mike I don't know if you have anything to add...

Mr. Mike Hennessy stated I just want to compliment Mike Rittof who has graciously taken his time two years in a row. Volunteers like Mike and others truly lead by example and that's why well over 90% of what one contributes goes to actually service the people in this County. One in four residents will reach out to one or more of our partner agencies. We can't say enough about how the County leads by example in terms of its Board support, the employees support, not only what you do to give to give your treasure, but also the volunteer efforts you make every day to help our residents who are less fortunate. So we're very grateful, we're grateful to Mike Rittof again for stepping up and our County Executive, our County Board Chair, as well as all the County Board members and your wonderful employees who truly give back and help our Community. Thank you so much.

Executive Walsh stated thank you. You do an excellent job.

### **HONORARY RESOLUTIONS/PROCLAMATIONS**

Executive Walsh asked Member Freitag and Member Bible to accept a check from Elk's Lodge #296.

Member Freitag stated the Joliet Elk's Lodge #296 is the largest volunteer organization in the United States promoting youth Drug Prevention. One of the major projects in Drug Awareness is partnering with the Will County State's Attorney. Over the past nine years we have joined with them in several capacities in monetary donations, drug prevention and education literature, even naming the dog contest for the Drug Court Recovery Home. We are especially proud to be here today with them again while they contribute to the Juvenile Drug Court program in Will County. Thank you.

Member Bible stated The Elks Lodge has been a continuing partner in helping the Drug Court. They recognize that drugs, addiction to it, is not a crime, it is an illness. It is something that requires the help of the entire community to combat and help these people reclaim their lives and we are so very appreciative that we have them here as a contributing member of this community and they are helping these people out. We are blessed to have this Lodge here and we are very appreciative of their continuing efforts. They don't just talk the talk, they walk the walk and they do it with their money so we thank them for being here this morning.

Mr. Jeffrey Sterr stated Executive Walsh, Speaker Brooks, Chairman Republican Caucus Moustis and Chairman of Judicial Committee Bible, Member Freitag, and distinguished Members and especially fellow Elk Member Babich our American-ism Chairman in our Lodge. We've enjoyed working with the County Executives, with the County Sheriff, with the County State's Attorney and I've particularly enjoyed working with my wife, and State's Attorney's Office and we're not going to let Ms. McCabe-Sterr speak so she can't rebut that...but we do like to make an impact on our community. We've been doing this for the last nine years and we invite all of Will County citizen to join with us, feel free to join the Elks, we're always having a membership drive , and if you 're hear and don't know how to do that you can see Member Babich, Member Babich will take care of it for you. To get to it, we'd like to present this \$1,000 check to the Juvenile Drug Court. Member Bible I will give it to you because you know where it goes best.

Ms. Julie McCabe-Sterr stated you know we've had more than 30 heroin overdose deaths this year in Will County. I went to another funeral last week for one of our Drug Court people that actually had all of those resources available to him. The saddest part to me is, those numbers continue to go up and the number of people under 21 rises up with the number. More than half of those 30 people were 21 years old or 21 years of age and younger; so, this donation to the Juvenile Drug Court is so important. We have 14 and 15 year olds in Juevenile Drug Court with heroin addiction, and what Member Bible said is this isn't a moral defect, this isn't a crime, this is a disease and I can't thank the Elks enough for contributing so we can keep up the good work and we can save these lives. I am a two-time breast cancer survivor and I lost my mom to breast cancer and thanks for the pink.

Executive Walsh asked Member Goodson to present a Proclamation Recognizing October 24, 2013 as United Nations Day for the Zonta Club.

Ms. Melissa Johanssen stated we have several people....

Executive Walsh stated we have several Zonta...

Ms. Melissa Johanssen stated, yes, if you could ask them to come up.

Member Goodson stated could the Zonta members come down please?

Member Goodson stated just a couple words about Zonta. In case you aren't familiar with it because it certainly is a well-established organization in this area... but they are a service organization and their membership is made up of professional women. The

mission is to advocate for the advancement of women locally and globally; and every year they do a number of programs and awards. They each year select a woman of the year and one of our fellow County Board members recently received that, I think it was last year or the year before, Laurie McPhillips. They also do community service counsel scholarships and then every 2 years they pick a charity, and this year's charity is the Habitat for Humanity. And when you're selected by Zonta, they provide 2 years' projects to assist the charity and other special projects and then they donate 1/3 of their fundraiser to the charity. So it's quite an organization and it makes a very big impact on our area. But today we're here acknowledging United Nations Day.

***PROCLAMATION ACKNOWLEDGING  
UNITED NATIONS DAY  
OCTOBER 24, 2013***

*WHEREAS, since 1945, the United Nations has been working to encourage negotiations and diplomatic measures to settle international disputes and to improve the quality of life around the world, and*

*WHEREAS, the United States, along with France, the Republic of China, the Soviet Union, and the United Kingdom, was a founding member nation of this critical international agency, and*

*WHEREAS, the United Nations has focused on eradicating famine and disease, the promotion of health and protection for refugees worldwide, and*

*WHEREAS, in July 2010, the United Nations General Assembly formed UN Women dedicated to promoting gender equality and empowerment for women worldwide, and*

*WHEREAS, the Zonta Club of the Joliet Area has worked tirelessly to support the efforts of the United Nations to reduce violence against women, and to improve opportunities for girls' education, health, and well-being in order to attain a world where women and girls can live free from fear violence, and discrimination.*

*NOW THEREFORE BE IT PROCLAIMED, that the Will County Board and the Will County Executive do hereby declare October 24, 2013 as United Nations Day and recognize the important work of this organization and the Zonta Club of the Joliet Area to promote the health and safety of women and girls worldwide.*

*DATED: This 17<sup>th</sup> day of October, 2013.*

WILL COUNTY EXCECUTIVE

ATTEST:

\_\_\_\_\_  
NANCY SCHULTZ VOOTS  
WILL COUNTY CLERK

Member Goodson made a motion, seconded by Member Freitag, to approve the Proclamation Recognizing October 24, 2013 as United Nations Day – Zonta Club of Joliet.

Voting Affirmative were: Zigrossi, Moustis, Howard, Ogalla, Izzo, Moran, Rice, Traynere, Bible, Goodson, Freitag, Gould, Balich, Fricilone, Winfrey, Adamic, Babich, Wilhelmi, Hart, McDermed, Weigel, Collins, Ferry and Brooks. Total: Twenty-four.

No negative votes.

PROCLAMATION RECOGNIZING OCTOBER 24, 2013 AS UNITED NATIONS DAY – ZONTA CLUB OF JOLIET IS APPROVED.

Ms. Anastasia Tuskey stated I am very happy to accept this Proclamation on behalf of my Zonta sisters. I am very proud of the work we do to raise awareness of terrible crimes against women both locally and internationally. And it’s especially pleasing to accept this with our friends here from China because I’m sure they acknowledge those problems world-wide. Thank you again, bye-bye.

Executive Walsh stated that’s all folks.

Executive Walsh asked Member Zigrossi to present a Proclamation Recognizing October as Breast Cancer Awareness Month.

Member Moustis stated I was just going to say a few words before Member Zigrossi reads the Resolution. (Inaudible) everyone is probably touched by someone having breast cancer. In my family it’s my mother and my baby sister. I say my baby sister because she’s the youngest in the family. She hasn’t hit that 5-year mark yet, so you always keep your fingers crossed that things are going well. I think we’ve done a great job of Breast Cancer Awareness, you see pink all over, turn on the TV, pink is everywhere, and hopefully we’re turning that awareness into new treatments and eventually a cure. It takes more than just awareness folks, so give generously, give them your time and we told all the County

Board members today if you didn't have pink on, you'd have to buy a pink ribbon from Ms. Lona Jakaitis for five dollars; it goes towards breast cancer. So seeing that most you wore pink, you're not getting out of the five bucks. Everyone go and buy a ribbon. Thank you.

Member Zigrossi stated good morning. I too share the same sentiments that Member Moustis just shared with you. For me is very personal also. I lost my mother to breast cancer when I was fourteen, so again, when you live it, it's very much a part of your life. I'm going to ask everyone...I did this I think a few years ago, as I go through groups, I would like you to stand and remain standing. If you've ever had a mother, sister, or family member with breast cancer, please stand and remain standing. If you have a friend or a co-worker that's ever had breast cancer please stand. If you've ever had a neighbor or someone you've been close to or associated with please stand. If you look around the room, look to your left, look to your right, as you can see all of our lives in some way, shape or form have been influenced by this devastating disease. So, as I read this Proclamation, please remain standing. We do this in honor of those who are fighting the fight or those who have lost the battle.

#### RECOGNIZING OCTOBER AS NATIONAL BREAST CANCER AWARENESS MONTH

WHEREAS, Breast Cancer Awareness Month is an annual campaign by major breast cancer organizations to increase awareness of the disease; this includes educating the public about early detection, the cause, diagnosis, treatment and support for survivors, and

WHEREAS, breast cancer is the second leading cause of cancer death for women in the U.S. after lung cancer, and

WHEREAS, it is estimated that 232,340 new cases of invasive breast cancer will be diagnosed among women in the U.S., and

WHEREAS, death rates have been declining – believed to be the result of earlier detection and improved treatment, and

WHEREAS, we urge all women to practice monthly self-exams and women over the age of 40 to have a yearly mammogram, and

WHEREAS, we also salute and congratulate the 2.8 million breast cancer survivors who have triumphed over this devastating disease.

NOW, THEREFORE, BE IT PROCLAIMED, that the Will County Board and the Will County Executive declare October as National Breast Cancer Awareness Month.

BE IT FURTHER PROCLAIMED, that the Will County Board and the Will County Executive urge all women and their families to take advantage of the information available to learn all they can about breast cancer and support programs and initiatives for early detection, treatment and research.

RESOLUTION #13-265 IS APPROVED.

Member Weigel stated the next Land Use & Development Committee meeting will be on November 12<sup>th</sup> at 9:30 a.m. I'd like to remind the building sub-committee, we have a meeting tomorrow morning at 10:00 a.m. at the Land Use Department. That concludes my report.

Executive Walsh stated thanks very much Member Weigel.

**FINANCE COMMITTEE**  
**Stephen Wilhelmi, Chair**

Member Wilhelmi stated thank you Mr. Executive. Good morning to you and all of my fellow County Board Members. Before I begin my Resolutions, I have a number of reports to be placed on file.

1. Report from the Illinois Department of Revenue showing sales tax remitted to Will County for the month of August 2013 to be \$1,480,958.33. The RTA Tax received is \$1,776,015.46.  
  
$$\$1,480,958.33 + \$1,776,015.46 = \$ 3,256,973.79$$
2. Will County Monthly County Treasurer's Report from Will County Treasurer Steve Weber dated August 31, 2013.
3. Will County Quarterly Report from June 1, 2013 thru August 31, 2013 from Will County Treasurer Steve Weber.

Member Wilhelmi made a motion, seconded by Member Babich, to place the above Reports on file.

Voting Affirmative were: Zigrossi, Moustis, Howard, Ogalla, Izzo, Moran, Rice, Traynere, Bible, Goodson, Freitag, Gould, Balich, Fricilone, Winfrey, Adamic, Babich, Wilhelmi, Hart, Maher, McDermed, Weigel, Collins, Ferry and Brooks. Total: Twenty-five.

REPORTS ARE PLACED ON FILE.

Member Wilhelmi presented Resolution #13-266, Determination of the Estimate of the Annual Aggregate Levy.

Member Wilhelmi stated before I introduced this Motion, I just wanted to say that we have had not really enough time, I feel, to address this at Committee. We had a Committee meeting where only four Members were present. We had no other participation by other County Board Members. I really think this is an important issue that Committee should hear it more aggressively. I am going to ask that we table this Resolution until after our October 22<sup>nd</sup> Finance Committee meeting. I move to table at this time.

Member Wilhelmi made a motion, seconded by Member Goodson, to table Resolution #13-266.

Voting Affirmative were: Zigrossi, Howard, Moran, Rice, Traynere, Bible, Winfrey, Adamic, Babich, Wilhelmi, Ferry and Brooks. Total: Twelve.

Voting negative were: Moustis, Ogalla, Izzo, Goodson, Freitag, Gould, Balich, Fricilone, Hart, Maher, McDermed, Weigel and Collins. Total: Thirteen.

MOTION TO TABLE RESOLUTION #13-266 IS DENIED.

Member Wilhelmi stated okay thank you very much. We had a 2-2 vote at Committee, I just wanted to say that the way it's presented is to basically take in, Real Estate Tax Revenue, as possible and the way this one works is, it can be brought down as we continue or budgeting process. I am supportive of the increase but I do realize that in Democracy you don't always get what you want. There is a lot of sentiment for not raising taxes, which is basically what this is, and I understand that. Over the last four years, we have held the levy (inaudible) constant. If you were to average this increase out over a four-year period it's less than a million, it's around \$700,000.00, I think that is more than admirable. I think that we have a lot of capital projects which is what the majority of this increase is going to go to that need to be started. This revenue stream is where we were going to take that money from. Realizing, again, we are in a Democracy, I am also going to propose that we amend this Resolution. To only take in new construction and the increase in the tax levy, and that new construction revenue would go into our Capital Fund. We want to get our Capital Project's going. I know there are some additional funds we can use to make up the loss here that we will experience. I think that, that will be appropriate at this time to motion (inaudible) about \$800 and some thousand dollars of new construction revenue be included and the rest of the increase be (inaudible). I'll make that Motion.

Executive Walsh stated move to amend the Resolution. First, what's first...you haven't put the original motion on the floor.

Member Wilhelmi stated oh I haven't?

Executive Walsh stated no, you haven't done that.

Member Wilhelmi stated sorry about that. I will move to put Resolution #13-266 on the floor.

Member Wilhelmi made a motion, seconded my Member Babich, to put Resolution #13-266 on the floor.

Member Wilhelmi stated now I would like to amend that Resolution.

Member Wilhelmi stated Mr. Paul Rafac are you here? Can you give us the exact numbers?

Member Wilhelmi made a motion, seconded by Member Winfrey, to amend Resolution #13-266.

Mr. Paul Rafac stated the estimated amount of new properties, it's roughly \$845,000.00. We do have an issue pending with one of our large employers that should be resolved relatively soon and that could change the impact of that so the number's as I've said in Committee are not final. So we do have an issue pending that could be resolved in the next week or so. But right now with the best numbers that we have available is approximately \$845,000.00.

Member Wilhelmi stated and that was basically be in the corporate fund and we would reduce that by the appropriate amount.

Mr. Paul Rafac stated so based on if that were the amount that we're going to levy above prior years' numbers, what we would do is reduce the transfer out, which is currently 1.9 million roughly the CPI adjustment, the way the levy estimate stand today. We would reduce that number to the \$845,000.00 and we'd eliminate overtime.

Member McDermed stated I have a different amendment that I'd like to propose.

Executive Walsh stated we have one amendment on the floor.

Member Wilhelmi stated I just wanted to make one other comment on that issue. I think that really is something that we need to have and I also just want to remind all of my County Board Members and Forest Preserve Members, the majority did vote for new construction.

Executive Walsh stated anyone want to question Mr. Paul Rafac while he is here? Mr. Moustis you have a question for Mr. Paul Rafac?

Member Moustis stated yes, this is how the whole process works...sometimes using the term "we're adding new construction" is I think sometimes misinterpreted. Sounds like you're just adding new construction. You're adding a dollar amount that goes across the board for every property owner in the County. Now granted, it may be a smaller amount, but everybody pays. Now the rate may tip down a tad, when you add new construction, but this tax, even new construction added, is an additional tax across the board for everyone. Is that correct?

Mr. Paul Rafac stated extending the levy to include new construction the rate actually would not go down by adding new construction, because the system is designed for new construction, new property, to not be included when the rate is calculated and the system is designed to take that benefit from growth that happens one time, because afterwards in subsequent years it will drive down the rate. But in that first year it does not drive down the rate, but, yes, this would increase by roughly the typical home owner at a \$200,000 home based on the \$845,000, it would increase their tax bill assuming all else is equal and no changes in their assessments, etc, etc, etc, by \$3.11.

Member Moustis stated but everybody pays.

Mr. Paul Rafac stated yes.

Member Moustis stated but everybody pays. I guess that's the point I wanted to make, that everybody pays. And depending on how your assessments are, some areas could pay more than others.

Mr. Paul Rafac stated yes.

Member Moustis stated depending on how property values are rebounding or not rebounding in certain areas so you really could be shifting that tax to a smaller group.

Mr. Paul Rafac stated yes, even in the heart of the great recession, when we did not take advantage of new construction, or CPI, and property values were falling, if your property value didn't fall as much, you actually paid substantially more in taxes. So, what we had talked about then was you know maybe on average people taxes wouldn't go up. There were still people who did paid more and there were a lot of people who paid less.

Member Moustis stated so potentially it could shift more taxes one region over another.

Mr. Paul Rafac stated yes.

Executive Walsh stated any more questions?

Member Moran stated Mr. Paul Rafac if we took in the CPI and the new property as was originally proposed in the Resolution, what's the impact to the \$200,000 home per year?

Mr. Paul Rafac stated total impact is \$10.00.

Member Moran stated \$10.00 a year. To me, I'm not a fan of raising taxes, but I'm also a realist. As inflation goes up, costs go up, and we've got to levy that we've held the line for several years now. Sooner or later we've got to start to make some drastic cuts or else we're doing exactly the same thing that the State did with the state pension plan. We're not thinking about what's going to happen in our political tenure, but what's going to happen 5 years, 10 years, 15 years down the road to the County when they can't go back and recoup any of those increases that they could have made and should have made. So, that's all I have to say.

Member Bible stated Mr. Paul Rafac, you're saying basically the rate won't change and we would be putting on an additional tax burden on our citizens to ensure continued delivery of County services and start the process of improving and replacing infrastructure for basically the cost of a meal at McDonalds per year, it sounds like. That's what I'm hearing.

Mr. Paul Rafac stated for just new property?

Member Bible stated yes. That's what I'm hearing. A meal at McDonalds. The equivalent of a meal at McDonalds per year, that's what I'm hearing. So, does that pretty much sum it up, that's the analogous for that?

Mr. Paul Rafac stated it costs a little more than \$3.11 to eat at McDonalds, but yes, it's...

Member Bible stated okay, that's all I wanted to know. Thank you.

Executive Walsh stated Mr. Maher did you have your hand up?

Member Maher stated not yet. But thank you Executive Walsh.

Member Izzo stated thank you Mr. Executive, as a resident of Tinley Park, I recently moved into Frankfort, I listen to all of my neighbors in Brookside Glen tell me how much the real estate taxes have gone up every year. It's not \$10.00, it's not \$3.00; they're paying \$10,000, \$11,000, \$12,000 a year. We're pricing our community on this area and pretty soon nobody will be living in Will County if taxes keep going up. Thank you Executive Walsh.

Executive Walsh stated thank you. Member Fricilone?

Member Fricilone stated thank you and good morning. Last month at the State of the County Address, Executive Walsh, you stated that our residents had weathered some tough economic times. But, now we're going to get back to our traditional way of increasing taxes. But with close to 10% of the Will County work force still out of work, and over \$44,000 homes still in pre-foreclosure, I contend we're still in tough economic times. And just because it's tradition to raise taxes, doesn't make it right or make it good; and there are bad traditions and this is a bad one. Our residents do not need any additional tax burdens as they continue to search for work or as they're just trying to make a house payment. Just like our residents, we need to cut our budgets and not increase their taxes. Thank you.

Executive Walsh stated thank you. Member Balich?

Member Balich stated I just want to clarify something here. When we talk about increasing a levy, going for new growth, getting new revenues; that means that our residents have to pay more taxes period. And at this time, how can we ask our residents to pay more taxes when our County is not as efficient as it should be. I go around my neighborhood and I don't know anybody that's happy with their increasing tax bills and I don't want to be any part of an increasing tax bill and that's how I stand.

Executive Walsh stated thank you. Member Brooks?

Member Brooks stated Mr. Chairman, Mr. Executive, even though I agree with a lot of comment that was said, the amendment that our Finance Chair, Member Wilhelmi is proposing is that a very small tax increase, call it whatever you like...however, there are much a bigger picture here. Will County infrastructure, growth, we're growing, and we need to be competitive and/or keep up with that growth. I do not feel that this small increase is detrimental to the home owners of Will County. As a matter of fact, what I do understand from a lot of Will County residents that choose to move out of Cook, and other counties here, is because of our tax base, it is because of the Will County environment and what we have to offer. So I do not feel that this is a very large increase and I will be supporting this amendment.

Member Howard stated good morning Mr. Executive and County Board members. I had my knee sculpt yesterday, so as I'm laying in the pre-op room, they had the curtains

drawn and we're all talking about property taxes. We had nurses involved, doctors involved, anesthesiologists, the whole nine yards...and basically everybody said the same thing, property taxes are high. But at the same time, we all came to the consensus at the end of the day was basically property taxes do pay for a lot of things that we utilize every day. Actually on my way here today, I drove on County Roads, I drove here today, and actually I live in a rural area. There's a lot of traffic out there, I drive over a lot of bridges on the way here, and it all takes money. Unfortunately, it all takes money. I did vote, and caught some heat on it, I vote for keeping the RTA money involved in the road construction out there by us. And I just find it ironic sometimes, that somebody might be against like something like the Illiana Expressway, and say at the same time that we need to put our money in roads and infrastructure, but vote against that and I think that now we ought to face up to the facts. We've got to keep improving our infrastructure, we can't start raiding other funds at this point in time, I think this is a good compromise, and I think we need to set example locally for compromise. We just watched what happened in Washington, D.C. out there. It may be satisfying to be one way or the other 100% but I think at the end of the day we need to come back to the center and compromise and I wish to God that everyone here would have the same vigor and energy that attend our local School Board meetings, attend our local municipality meetings, local township meetings, but watch where your dollars are going. I mean we're such a small portion of our tax bill. I mean .77 cents on the dollar almost is at your school district....we're just a minuet piece but yet we provide a service and the other thing we need to realize is we're not the same population that we were 10 or 20 years ago or even 5 years ago, we're increasing the population. Unfortunately, the more people you have, the more problems you have. The more problems you have, the more Sheriff's you need, the more jail space that you need, the more courthouse space that you need, the more judges you need, and it's a proven fact so, I think at some point in time, and I think back in time when, I think one time it was like \$14.00 a household and I remember the lady Commissioner saying look, at \$14.00 a household are we being responsible for voting that down simply so that we can say that we did not want a tax increase? And at the same time we had a long discussion in our caucus this morning, I think we need to get down to it and we have so many million dollars in planning right now for these new capital projects or whatever, we might as well just throw that money out the window if we plan for nothing and I think that we're being irresponsible at this point in time and I think let's get back to the consequence or compromise. I think this is a good compromise; it was thrown out on the floor earlier, basically let's all sit down to it, I'm the advocate of a bipartisan compromise. I think in the room we have a lot of sensible people here, a lot of good people, a lot of dedicated people but I think at this point in time we come up with an acceptable compromise. Thank you.

Member Moustis stated I was just going to say that there's other revenue growth in this budget, and here it gets priorities. You're telling me the only way to do Capital Projects is to raise taxes and not look at other revenue extremes? I disagree. But if that's your attitude, it's either we add a tax increase or no capital; we'll have over 80 million dollars put aside for roads, for example. Do you really think you're going to go through the whole 80 million in one year? I doubt it. I'm a good supporter of roads, roads aren't the only thing. We put hundreds of millions of dollars into roads in the last few years. So, if you're telling me the only way you're going to do other capital projects is to raise taxes? I disagree. You haven't even looked at other revenue strings to make those statements. And those other revenue growths doesn't come through tax increases. That comes from some natural growths. So, the whole idea that somehow Government is entitled to additional taxes. Entitled? Because that's how it

sounds when you talk. Like somehow the Government's entitled. They're not entitled to other people's money. You may be able to extract it from them, but you're not entitled to it. So, I oppose property tax. I'm on the way to the County Building this morning, and I'm listening to the news on the radio, as I always do. Even the City of Chicago says we won't increase property taxes. We have to look at other revenue extremes; look at other fees, there's other ways of doing this without raising property taxes. Our people are not in good shape. You can say it's a McDonalds, but you know what? If you have no money, that McDonalds meal can mean a heck of a lot to you. I don't want to dismiss it like, "oh, it's only a little bit", no, it's the principle of it. We have other revenue extremes that are growing. I can name some to you, you know, we've got our sales tax revenues that are growing, we're going to get additional revenue from our land fills, so you want to zero in on 800 thousand dollars, 80 thousand dollars when there's about 6 million dollars, maybe not quite that much, another 4 or 5 million dollars in property tax, in other revenues? We're looking at fees for example. Because, user fees, I believe in user fees. Let the users pay, and we're starting to do some of that; so, property taxes...I'll never be on board. Not for a buck. Not even for a buck. How's that.

Member Winfrey stated thank you Mr. Executive good morning Board Members. I just want to say, and I agree there's compromise (inaudible) and I don't think that's an either/or situation. I think we need to do the compromise and look at alternate revenue extremes. We've agreed to do a number of capital projects. We voted on that. We agreed to that. We have to fund that somehow. I support the Amendment that Member Wilhelmi is proposing; I think it's in the best interest not only of this Board but of the residents. It is a reasonable approach to take care of the things that will provide a better service to them over time.

Member McDermid stated thank you. Several people have talked about how important it is for the County Board as the leaders to take care of the people in our County and I think that's so critical. That's one of the main reasons why I'm here. And I think we do take care of the people at the County. Every one of our employees gets \$12.00 an hour in benefits for every hour that they work. But I think that when we talk about taking care of the people in the County, we have to think about the people that put us here in this room and we have to take care of them too. I'm sure that every one of the people sitting here has had the same experience that I had when I knocked on doors and talked to people, and they're like I don't know if I can vote for you, my house is foreclosed, I don't know where I'm going to be living in November. That hasn't changed. People are still losing their homes, people are still fleeing Will County and I think that...Will County is a leader in this State. We are a leader in good finance and good government. We need to keep that leadership roll. We need to keep leading Illinois in being responsible about our dollars and treating every dollar as if it belong to the people that we care most about. Let's not be cavalier with those dollars, let's take care of our dollars and our people and we'll get some alternative revenue sources. Thank you.

Member Maher stated thank you Mr. Executive. We have one taxing body. Not sixteen. I'm sorry, we have one body of tax payers, about sixteen taxing bodies or more depending on where you're at. So three dollars there, five dollars here, thirty-five dollars there, a hundred and twenty-five dollars there, against a house, who may or may not be going up in value, and if I've been living there for twenty years, and I bought that house for forty thousand, and my salary reflects that, but now this house is worth two hundred thousand, and my income did not keep up with the value of my home, that's a problem. I have four daughters. If they all needed to go out somewhere and I have fifteen bucks in my pocket and they each needed five

bucks to go, I wouldn't be able to pay it. I couldn't give that money out because it's just one of me. We're talking about one body of tax payers. We have other ways besides revenue sources. We have duplication of services in this County. This is not the first time that I've brought this up. There are services that are being duplicated; just on Laraway Rd. alone, we have three auto body shops by three different groups represented by one Will County taxing body. I'm not going to support any kind of tax raise. It's ridiculous; we have other ways to do this. Thank you.

Executive Walsh stated Member Balich did you have your hand up?

Member Balich stated I just wanted to point out...to go along with what Member Maher said. People in our districts – they're all hurting and they can't afford to pay any more. I think that we need to tighten our belts and cut just like every home has to cut. We need to cut. Government has to do what they're asking the people to do. We shouldn't be exempt from cutting our budgets. I'd prefer to compromise with a 10% cut across the board. I know that isn't going to happen. And I also go to all the school districts and the fire districts, and tell them not to raise the taxes. I go to the meetings. Just so everyone knows, I'm fed up with it. I live in a house and have a decreasing income and my taxes keep going up and I don't like it.

Executive Walsh stated thank you.

Member Freitag stated thank you Mr. Executive. We all have to remember like Member McDermed said. How did we all get into the seats that we're sitting in today? The residents put us here. We have to realize what the residents, what we've all done in our home budgets at home. We've had to tighten our belts, tighten our purse strings, cut costs, not expend on certain luxury gifts here and there, and there's people still out there that aren't getting raises, that are losing their jobs, losing their homes. I have friends my age and younger that can't buy a home, because when they look at the taxes that are already there. And then to think of me sitting here? In the seat that they put me? And ask them to pay even more? There's no way on God's great Earth that I will vote for a tax increase.

Executive Walsh stated thank you.

Member Weigel stated I've been supportive of new construction for the past several years and I think we need to continue to increase our tax base by adding this amount into our tax base, so I will be supporting this amendment.

Member Howard stated along the lines of alternate revenue sources, actually at the Legislative Committee, Legislative Policy Committee, we're actually looking at alternate revenue sources. Especially with the Court House as far as the Chief Judge, there's other ways that we can find additional revenue sources. Unfortunately that does not pay for everything that is there. Along that line, again, the County is a different place than it was years ago, so I think we actually have more people and it's more costly. And it's frustrating for me especially in Eastern Will County when basically we have a little problem.... A little crime rate going on right now and at the same time there's reduced budgets, and as far as you know with the Sheriff's Dept. and I'm kind of fascinated by what we proposed to cut, you know in the future, I mean, yes, there is waste there somewhere that can be trimmed back, but at the same time, you know, I look at the Sheriff's office for instance and I think they need more

police presence out there and if it's going to cost a few more dollars or whatever, I understand that, either that or hire a private security firm, which is cheaper, so I think basically, you know, share the risk. But anyway....

Member Brooks stated thank you Mr. Executive, once again, I just want to as a reminder; we've heard a lot of good conversation on this, this morning (inaudible) all the taxing bodies in the State of Illinois, but just as a reminder, this Amendment is asking us to vote consciously for the residents of Will County. And secondly, the amount that's being added, I don't feel is a very large amount. And then thirdly, we have much work to be done in Will County and in order for us to go forward with the projects and the things that we need to do in Will County, I will once again, recommend that we vote for this amendment. Thank you.

Member Hart stated you know one thing I am going to say, I'm sitting here being quiet, I'm taking it in, seeing the sides. We're talking about the amount. I had a very wise constituent say "I don't care if it's a dollar. That's my dollar". We need to stop that, it's clearly a split, can we just go to a vote?

Executive Walsh stated I was going to of course.

Member Goodson stated I just have to say that I actually agree that we do need to look at where we spend our money and consider some cutting. During some of the worst times over the last eight years, we continued to employ terrific employees here at the County, but to reward them we also gave increases to every Union member. And while they're very deserving, I do think that, that's something we may have to look at. We will continue to see property values decline and as everybody has said, people are still....the worst is maybe yet to come. Because of the foreclosures, and it's going to take some work on our part and I guess I've also heard everybody say a few dollars isn't going to hurt anybody, everybody can afford five or ten dollars. But the sixteen taxing districts that Member Maher brought up, three dollars here, five dollars there, well ten dollars was compared to a meal at McDonalds, but add all that up and it's more like a steak at Gibson's.

Executive Walsh stated thank you Member Goodson. County Clerk Voots call the Roll.

Member Wilhelmi stated I just wanted to close and say I appreciated the conversation. I wish we, again, had more time to discuss it at Committee. I take that I'm a little bit put off because there's some illusion that people in our County have not already done some cost cutting, which they have done and I feel that, it's been three years and there needs to be some leveling off of the revenue (inaudible). Thank you. Call Roll.

Member Moustis stated just for some clarification...during the Budget Address from the County Executive's presentation, he specifically said, new construction, eight hundred and eight thousand dollars, would be used for overtime.

Member Wilhelmi stated that's what was in the budget.

Member Moustis stated because you're adding this to new construction, you're proposing it to new construction, so in that address and in the budget, eight hundred and eighty thousand dollars was stated for the new construction was be used for overtime and that

the rest of the increase would be used for capital. So, I don't know if you can answer me now, but certainly one way or another we're going to have address the budget because it was built on a much larger real estate tax increase. I just want to say that it was presented to this Board that, that eight hundred and eighty thousand would be used for overtime and I'm going to assume that we'll work on that, but I want to say that's one of the other areas that I feel needed some clarification.

Mr. Paul Rafac stated Member Wilhelmi asked that question initially and I did say that it would be my recommendation; that's the way the budget was designed with these things having kind of a (inaudible).

Member Moustis stated your recommendation Mr. Paul Rafac turned into this is how it's going to be used. The statement of the Budget Address.

Mr. Paul Rafac stated yes, and that's what...

Member Mousis stated but all I can hear is talk of is "well we have capital needs". No, you propose that it be used to pay for overtime.

Mr. Paul Rafac stated so what I had said when Member Wilhelmi asked the question earlier is we would transfer the full amount of new property into the Capital Improvements fund and cut...

Member Moustis stated but we haven't seen that yet. I just wanted to make a comment that it was proposed to be used for overtime, that's all.

Executive Walsh stated thank you for your comment but as always, ever since the Executive form of government that has been existing here, and the County Executive states that in the month of September, what their plan, what their initial proposal, what they are laying out as a game plan is always open and always has been open for discussion and decision making by the County Board Members in the Finance Committee and as a Whole that whatever was said, not necessarily ever took place, takes place. So, at the end of the day, according to what Member Wilhelmi is proposing here today, was to just reach out and take the new property, it will be determined by the members of the County Board, through the process that's always existed, where that money will go. Whether it goes into Captial Improvements, whether it goes into overtime, if it goes into whatever, the Sheriff's office that will be a decision that will be made by these twenty-six County Board Members. And when a final proposal comes up, then that's what will be voted on. So call the Roll County Clerk Voots.

Member Howard stated so we're voting for new construction, can I ask for clarification here for...

Executive Walshed stated no, you're voting on the Amendment...

Member Wilhelmi stated I want to clarify what I had said because my amendment was to add new construction in lieu of the CPI annual construction to the revenue stream from real

estate taxes and to make a commitment that, that would be used through capital improvement funds

Member Moustis stated but you need to add a number.

Member Wilhelmi stated that's what my amendment was.

Member Moustis stated but you still need to add a number I'm thinking; according on the aggregate dollar amount Member Wilhelmi. So, I think you can add eight hundred and eighty thousand or whatever you think it is, you have to add a....

Mr. Paul Rafac stated the number is going to change. We have a large employer out there and in these large employer situations, we negotiate the new property. We have roughly five of these so that number, there is a meeting on Monday to discuss a potential resolution that number.

Member Moustis stated so we don't know what the number is? I'm not going to vote on something if I don't know what the number is.

Mr. Paul Rafac stated there is an interactive fact between the two numbers that were in the draft budget. Roughly \$1.9 million is CPI. The \$845,000 is the interactive effect and in the other estimate it's roughly \$866,000.

Member Moustis stated I want to ask the State's Attorney. Does there have to be a dollar number?

Mr. Paul Rafac stated there has to be a dollar number in the final budget but when you have another opportunity to change this in November.

Member Moustis stated in this estimated levy, does there have to be...I only see dollars here for the estimated levy. Does there have to be a dollar number in the estimated levy?

Ms. Mary Tatroe stated I'm going to let Mr. Phil Mock answer that question.

Member Moustis stated because I don't see it. It says well we're going to add CPI, we're going to add new construction; I see numbers.

Ms. Mary Tatroe stated yes, you have to have a dollar amount. You can pass an estimated dollar amount that may be slightly higher than the new property that's put in there now so they can capture, should the negotiations turn out to be slightly higher and then provide that, that number should be lower. Because you always have the opportunity to lower it. But, yes, you have to have a dollar amount.

Mr. Paul Rafac stated let's say nine hundred thousand. Right now it's between \$845,000 and \$865,000 depending on the interactive impact and Excelon should alter that slightly. So...and again, you have the opportunity to alter this in November and then you have another opportunity in March to alter it again. You can't go up from whatever we approve in November, but you can go down.

Member Moustis stated so Member Wilhelmi, you need to amend your amendment to include the dollar amount in.

Member Wilhelmi stated the new construction; I would put an amended number of \$900,000. Up to \$900,000.

Mr. Paul Rafac stated so let's say the actual number for 2012 is \$62,848,467.00. So, let's change that to \$63,748,467.00.

Member Moustis stated so where are you going to put it at?

Mr. Paul Rafac stated it would only impact the Corporate Fund, and then the Corporate Fund will transfer that amount into the Capital Improvements Fund. So, the other line-items in the budget we'll address as we move forward with the budget.

Member Moustis stated so you only have to give the total aggregate.

Mr. Paul Rafac stated well, no, I believe you have to give the specific amounts because that's why we historically, not for the past 5 years, 6 years, but that's why we historically budgeted at a higher number because things continue to change. We can never increase any of the specific line item levy's by more than the number that we approve. There's actually some rounding that occurs, so it could bump up a few thousand dollars here or there, but we can't go above that when the levy is actually extended. And all of this money would go into the Corporate Fund and then it would turn around and be transferred out into the Capital Improvements Fund.

Member Moustis stated so you're going to add \$900,000 to the Corporate Fund?

Mr. Paul Rafac stated yes. So it does have to be line item by line item. Then we can't go above that.

Member Moustis stated then could go into the Highway's since we're so concerned about (inaudible).

Ms. Melissa Johannsen stated but we do the transfer out from Corporate. It's much cleaner.

Mr. Paul Rafac stated we could put it in IMRF or FICA, too. We have (inaudible) liabilities and other post-employment benefits that are \$73,000,000.00 unfunded \$14,000,000.00 to date that we should have contributed that we haven't, so there's a lot of places we can put it.

Executive Walsh stated so do we have a number that everybody understands?

Mr. Paul Rafac stated I think so.

Member McDermed stated what number are we changing?

Mr. Paul Rafac stated in the proposal...

Member McDermed stated so this is the number we're changing Mr. Paul Rafac?

Mr. Paul Rafac stated yes. We're going to add \$90,000.00 to the actual number, from that \$100,000.00, to the actual number, and we will not go above that.

Executive Walsh stated we're going to take Roll Call. We can't keep taking questions. Mr. Paul Rafac can you come back to the podium so that County Clerk Voots can hear, you can explain.

Mr. Paul Rafac stated okay, the Corporate line, where it says Levy/Corporate/Health Benefits, we're going to add \$900,000.00 maximum to the actual number, so the new number in the proposal column will be \$63,748,467.00. We are adding \$900,000.00 to the actual number. So we're adding \$900,000.00 to the \$62,848,467.00. And that's the maximum it will go up, even if the changes that happen, we can't go above that.

Member Fricilone stated I just need to understand the Resolution, because Member Wilhelmi said that we were only by that amount but that it was going to be used for Capital.

Member Wilhelmi stated correct.

Member Fricilone stated you can't put that in the Resolution can you? We're just voting on the Levy, not where it's going; that's part of the Budget.

Member Moustis stated putting it in the Corporate Fund.

Member Fricilone stated just going in the Corporate Fund, but not to be designated for anything, that's what we do with the Budget.

Member Wilhelmi stated it's part of my amended Resolution, our amendment's wording I said that we would agree, tht it would go into the Corporate Fund.

Member Fricilone stated Corporate Fund, yes, Corporate Fund, yes, but not to be used for Capital Projects which is what you said.

Member Wilhelmi stated that's right, it goes into our (inaudible). You have my understanding, my agreement that's where it will go when we transfer the Budget.

Member Fricilone stated as a side-note, but not as part of the Resolution.

Member Wilhelmi stated well, I know we haven't known each other that long, but hopefully you can take my word for it.

Member Fricilone stated well I just heard that as part of the Resolution.

Members Moustis and Member Wilhelmi stated it's not part of the Resolution.

Executive Walsh stated County Clerk Voots, please start the Roll.

Ms. Melissa Johannsen stated Mr. Executive we do need a clarification because. Little bit of confusion. If we just add it to the Corporate number, our bottom line is going to change so actually, if we change...say, yes, we are going to use it towards Corporate, however, we need to make that \$900,000.00 correction to the bottom line number it would be more accurate as to when we do decide where those funds will be allocated if this passes. Let's cross one bridge and add that \$900,000.00 to the bottom line number.

Mr. Paul Rafac stated so we're going to add it to the bottom line at the actual column?

Ms. Melissa Johannsen stated actual column. It's the center....no, because than all my numbers are going to be off. I'm sweating guys.

Mr. Paul Rafac stated so the actual number will be increased by \$900,000.00 to \$112,737,680.00; and then there'll be a new distribution that will be available later. It will be very similar. You all have this sheet in front of you. The orange column, and the bulk of the money is coming out of the top line. The orange column keeps each of the individual levies essentially (inaudible) harmless, but there will be a final adjustment once I get the next set of numbers for the thing, then I will present something that will stay within that actual number. And the line items matter, but we have until November to finalize that.

Ms. Melissa Johannsen stated when we come forward in November, we actually bring forward the actual Budget and we pass individually each and every Levy. That is when you guys are actually voting on, you know, to the dime, kind of the dollars. Right now, if this passes, you're going to give the flexibility to come back and discuss this, however, I think we need to pass this first and then get to the minutia, so let's cross this bridge and hopefully we'll get there.

RESOLUTION #13-270 IS APPROVED.

Member Wilhelmi stated the next five Resolutions all relate to abating taxes to our property owners for debt services. This is money that we are able to get out of our existing revenue stream but in the bonds itself it's written that we are supposed to Levy for this money but we have always decided not to do that and that's what these relate to.

Member Wilhelmi presented Resolution #13-271, Ordinance Abating Taxes Heretofore Levied in Tax Levy Year 2013 for the Year 2014 to Pay Debt Service on \$8,350,000 Outstanding Principal Amount of General Obligation Bonds (Alternative Revenue Source) Series 2005.

Finance Committee  
Ordinance #13-271

ORDINANCE NO. 13-271

AN ORDINANCE abating the taxes heretofore levied in tax levy year 2013 for the year 2014 to pay debt service on \$8,350,000 outstanding principal amount of General Obligation Bonds (Alternate Revenue Source), Series 2005, of The County of Will, Illinois.

\* \* \*

WHEREAS, the County Board (the "Board") of The County of Will, Illinois (the "County"), by ordinance adopted on the 17<sup>th</sup> day of February, 2005 (the "Bond Ordinance"), did provide for the issue of \$35,000,000 General Obligation Bonds (Alternate Revenue Source), Series 2005 (the "Bonds"), and the levy of a direct annual tax sufficient to pay debt service on the Bonds; and

WHEREAS, on the 23<sup>rd</sup> day of February, 2005, a duly certified copy of the Bond Ordinance was filed in the office of the County Clerk of the County (the "County Clerk"); and

WHEREAS, the County has Revenues Sources (as defined in the Bond Ordinance) available for the purpose of paying debt service on the Bonds heretofore imposed in tax levy year 2013 for the year 2014; and

WHEREAS, the Revenues Sources in an amount equal to the taxes levied in tax levy year 2013 for the year 2014 are hereby directed to be deposited into the "2005 Debt Service Fund" established pursuant to the Bond Ordinance for the purpose of paying the debt service on the Bonds; and

WHEREAS, it is necessary and in the best interests of the County that the taxes heretofore levied in tax levy year 2013 for the year 2014 to pay the debt service on the Bonds be abated.

NOW, THEREFORE, BE IT ORDAINED, by the County Board of the County of Will, Illinois, as follows:

*Section 1. Abatement of Tax for the Bonds.* The tax heretofore levied in tax levy year 2013 for the year 2014 in the Bond Ordinance shall be abated in its entirety.

*Section 2. Filing of Ordinance.* Forthwith upon the adoption of this ordinance, the Clerk of the Board shall file a certified copy hereof with the County Clerk and it shall be the duty of the County Clerk to abate said taxes levied in tax levy year 2013 for the year 2014 in accordance with the provisions hereof.

*Section 3. Effective Date.* This Ordinance shall be in full force and effect forthwith upon its adoption.

Judicial Committee  
Resolution #13-281

**RESOLUTION OF THE COUNTY BOARD  
WILL COUNTY, ILLINOIS**

**Authorizing County Executive to Execute a Professional Services Contract with Second Administrative Adjudication Hearing Officer Candidate James W. Fessler**

WHEREAS, the progression of the Administration Adjudication process for Will County is at a point in time where the hiring of a second hearing officer is necessary, and

WHEREAS, based upon presentations and recommendations made, the Will County Judicial Committee has accepted the recommendation to authorize the Will County Executive to execute a professional services contract with the Second Administrative Adjudication Hearing Officer Candidate James W. Fessler.

NOW, THEREFORE BE IT RESOLVED, that the Will County Board hereby directs the County Executive to execute a professional services agreement with the Second Administrative Adjudication Hearing Officer Candidate James W. Fessler, at a fair and reasonable compensation, taking into account the estimated value, scope, complexity and professional nature of the services to be rendered, as previously established for the first Hearing Officer. Final agreement subject to the review and approval of the Will County State's Attorney's Office.

BE IT FURTHER RESOLVED that the Preamble of this Resolution is hereby adopted as if fully set herein. This Resolution shall be in full force and effect upon its passage and approval as provided by law.

Resolution #13-282

**RESOLUTION OF THE COUNTY BOARD  
WILL COUNTY, ILLINOIS**

**RENEWING CONTRACT FOR EXAM GLOVES FOR  
SUNNY HILL NURSING HOME**

WHEREAS, the current contract for exam gloves for Sunny Hill will expire on November 30, 2013, and

WHEREAS, the current contract with Professional Medical, New Lenox, IL, allowed for two (2), one (1) year renewal options, if the County desired to do so, and

WHEREAS, the Purchasing Director and Sunny Hill Administration have recommended, and the Public Health & Safety Committee has concurred, that the contract for exam gloves with Professional Medical, New Lenox, IL, be renewed for an additional year, until November 30, 2014. The estimated annual contract amount will remain at \$28,511.55, as stated on the original bid documents.

NOW, THEREFORE, BE IT RESOLVED, that the Will County Board hereby renews the contract for exam gloves for Sunny Hill Nursing Home with Professional Medical, New Lenox, IL.

BE IT FURTHER RESOLVED, that such purchases shall be funded through the Sunny Hill Nursing Home Budget.

BE IT FURTHER RESOLVED, that the Preamble of this Resolution is hereby adopted as if fully set forth herein. This Resolution shall be in full force and effect upon its passage and approval as provided by law.

Member Babich presented Resolution #13-283, Awarding Bid for Medical Products for Sunny Hill Nursing Home. This is three vendors that will be receiving this award so I am going to move as it was presented in the Resolution.

**Public Health & Safety Committee  
Resolution #13-283**

**RESOLUTION OF THE COUNTY BOARD  
WILL COUNTY, ILLINOIS**

**AWARDING BID FOR MEDICAL PRODUCTS  
FOR SUNNY HILL NURSING HOME**

WHEREAS, in order to receive the most competitive price available, the Will County Executive's Office solicited bids for medical products for Sunny Hill Nursing Home, and

WHEREAS, on September 26, 2013, the Will County Executive's Office opened eight (8) proposals for medical products for Sunny Hill, and

WHEREAS, after reviewing such proposals, the recommendation is to split the award between three Vendors: Medline, Mundelein, IL; Gulf South Medical Supply, Jacksonville, FL; Professional Medical, New Lenox, IL, for an approximate annual grand total of all the vendors in the amount of \$100,128.64, and

WHEREAS, the Public Health & Safety Committee concurs with this request.

NOW, THEREFORE, BE IT RESOLVED, that the Will County Board hereby splits the award for the contract for medical products for Sunny Hill Nursing Home to the lowest responsible bidders of: Medline, Mundelein, IL; Gulf South Medical Supply, Jacksonville, FL; Professional Medical, New Lenox, IL, for an approximate annual grand total of all the vendors in the amount of \$100,128.64. This

grand total could vary depending upon resident population and actual need. The contract period will begin on December 1, 2013 through and including November 30, 2014, with two (2) optional one (1) year contract renewals, if the County so chooses.

BE IT FURTHER RESOLVED, that such purchases shall be funded through the Sunny Hill Nursing Home Budget.

Member Ogalla stated I don't really have a question, more of a comment. I also sit on this Committee as well and I think that for the tax payers I think it's really great that we take what our needs are and we get the bids out and we find out which ones can give us the most bang for our buck which is what our tax payers want. And so by splitting this among three different vendors, we've done the best we can with the money we have available. Thank you.

The next meeting for the Public Health and Safety Committtee meeting is scheduled for November 14<sup>th</sup> at 8:30 a.m., and I entertain everyone to attend to help me to resolve the leaf burning issue. Thank you.

Member Ogalla stated not a question, really just a comment. I will be voting yes to this because I think it should be a good program. What I'm not happy with is that as we've gone forward with this project, we have met independently with each Township Supervisor and I believe that we should have everybody in the room at the same time discussing the same thing. In addition, I would like to see a packet of information that every Township Supervisor would have as to how to go about this. I do know that every Township has the ability to decide what type of rides will be available underneath the different programs. So that is very good, so it's affordable to each individual Township. I think that everything can work out, I know that Mr. Nick Palmer has been working really hard, as has Ms. Wendie Garlich on this, so hopefully we'll get that group meeting together and we should always do that and include everybody in one room because when they come together they tend to have other questions because somebody else thinks of something they didn't think of. So, that's just really what I wanted to say. Thank you.

Member Mousis stated I'm also going to support this Resolution. I am a supporter of public transportation, especially for those special needs folks and seniors. But I would like to express some caution here; the intent is to get these programs up and running and let them be the operators or run the programs, which we currently have a grant that was awarded to the County to assist them, but I still have concerns that the County not get too involved in Countywide public transportation efforts. I don't think we're set up for that. I think to make clear, it's up to the Townships to eventually carry these programs forward and stand alone whenever programs are available to PACE and they would directly do that. So, I do have some concerns that we not get kind of sucked into public transportation to the County Agency. But these programs are certainly worthwhile and I encourage (inaudible). Thank you.

Member Howard stated I just have a comment. On the last three Resolutions that we passed, I don't think there's an understanding of how many hours went into this. This has been going on for years. This is an accumulation of a lot of hard work on behalf of Mr. Nick Palmer, Wendy, yourself County Executive Walsh, Member Moustis, (inaudible) and we were able to get this thing through. And there were a lot of meetings, and there was a lot of discussion. Again, there was a lot of hours, a lot of input and this is going to make a difference in a lot of people's lives. Basically the way to think about this, especially in the rural areas, if a senior loses their driver's license, it basically becomes a prison sentence in their own home. If there's no friends or relatives in the immediate area, this allows them a certain amount of freedom on that and especially with the disabled also. It relieves a lot of burden on the family, not only are you transporting that disabled person, but you are in a way transporting their relatives or their caregivers; because it's just a fantastic thing. Again, there was a lot of work in this and thanks again Mr. Nick Palmer and thanks again Ms. Wendie Garlich, you put a lot of time in this. (Inaudible) thanks again.

Mr. Brooks stated the newly formed Committee designated for the South Suburban Airport; the next meeting is scheduled for Thursday, November 7, 2013 at 8:30 a.m. We'll be across the hall in the Board Room, it is posted and all is invited. The next Executive Committee schedule is November 7, 2013, 9:30 a.m. and that will be across the hall in the Board Room as well. Committee of the Whole is scheduled for November 14, 2013 immediately following the Forest Preserve District Board meeting to review the Wight Study; after that will be Exec Committee and that will also be in this room.

Capital Development Board Act Number 20ILCS3105/14  
Project Number 810-048-019**

**Eric Gorder**

320 Dwight Avenue, Joliet, IL 60436

New appointment

\*Mr. Gorder meets the requirements to serve.

**Purpose:**

To create a lasting cultural legacy for Illinois, the Capital Development Board Act (20ILCS3105/14) sets aside one-half of one percent of the appropriation for each state-funded public building for the acquisition of public art. To ensure that the art meets the highest possible standards it is selected by a Fine Arts Review Committee (FARC) composed of art professionals as well as community and civic representatives.

**Committee information:**

The Committee *will meet approximately six-eight times* to review artwork and make recommendations. The Capital Development Board (CBD) will make the final selections from the recommendations of the FARC. Each member is appointed on a project-by-project basis and serves without pay. As a member of a committee created by the state of Illinois, each member is also required to complete state ethics testing.

**Qualifications (20ILCS3105/14):**

The Act requires the Chair of the County Board to appoint two members from the local area to the Fine Arts Review Committee. Appointees must be 'familiar with the local area and ... knowledgeable in matters of art.'

Re-appointment – Term expires November 1, 2016

\*\*Ms. Donohue Whiteside is a resident of the Drainage District and has met all requirements to serve.

**Drainage District Note:**

Per the attached letter from the law firm of Barmann, Bohlen, & Jacobi, this Drainage district is moving from elected Drainage commissioners to members appointed by Will County. Many of the other Drainage districts also follow the appointed route for selection of their commissioners. This letter details the history of the process this district went thru to achieve this goal of appointed members. One of the largest reasons for this change was the financial costs of holding elections for these positions.

APPOINTMENTS BY THE COUNTY EXECUTIVE ARE APPROVED.

### **ANNOUNCEMENTS BY COUNTY BOARD SPEAKER**

**Herbert Brooks, Jr.**

Member Brooks stated let me begin very quickly thanking all the Resolutions for this morning. I think they're very important and thank all three for bringing those to our awareness. Also, the two Mike's was here, Mike Ritoff and Mike Hennessey of United Way, they with you this morning as well bringing our awareness and our attention to United Way, we certainly want to thank them as well and ask for your support and you County Executive Walsh recognized the China delegation is with us, but I want to thank them for staying with us. Also, you have expressed County Executive, at the beginning of this meeting, our condolences for Mr. Lee Adelman and (inaudible) from Waste Management, thank you for being here. And you know we're praying for their family and we certainly lost a very good friend. I want to thank you all for wearing your pink and purple for domestic violence, thank you all for that. Next week is our Veteran's Day. Keep all of your Veteran's in your mind and Veteran's in your prayers and Ladies and Gentleman, MPO is this afternoon, I hope to go with you, County Executive Walsh you have to buy lunch. God bless you all.

### **ANNOUNCEMENTS BY DEMOCRATIC CAUCUS CHAIR**

**Dianne Zigrossi**

Member Zigrossi stated we had a wonderful, wonderful, turnout today with all the Resolutions; I appreciate so much everyone wearing pink today. One thing I want to tag on to...when Member Mousis was at the podium, he happened to mention that the ribbons were available for people to purchase from Lona in the Board Office at the cost of \$5.00. Now if you have not bought your ribbon, please go ahead and do so. Any money that's raised from this today, will go towards Cancer Research so, it will be a donation from the County. I do (inaudible) one of our County Board members who I told made a very significant contribution. A little more than five bucks was spent there, but our very own Member Moran made a very nice donation towards our pink campaign today. Moving on, the month of November and obviously we're coming back up and I hate to be the one that keeps asking for money, but I'm going to ask for money. November we know, we have Thanksgiving and we have obviously a number of families and individuals in our County that have fallen on hard times. We will be taking up donations both through the County Board office, through different elected officials offices. Rather than canned goods, we'll be accepting just, you know, cash donations. The money will go towards the Northern Illinois Food Bank to again help serve those in Will County. Many of our Townships receive food for their residents also. I'm going to reach out for County Executive Walsh here, best of luck this afternoon, at the Illiana, go get'em. The last thing that I would like to mention now, as we've all gone through our agenda this morning, we've all heard, we have a meeting

date here, we have a meeting date here, there's a lot so, please, please, all of us, on either side of the aisle, please pay attention to calendars because there's a lot of meetings coming up; there's additional meetings that have been added to it; and obviously as we found out from Finance Committee, in having so few people, your attendance is really necessary. So I encourage you all to show up. Have a lovely day, try and stay dry; hopefully it stopped raining, so enjoy your day.

**ANNOUNCEMENTS BY REPUBLICAN CAUCUS CHAIR**  
**James Moustis**

Member Moustis stated well a slow morning, so good morning Mr. Executive, County Board. First I want to express my condolences to the Adelman family. I had the opportunity to work with Mr. Lee Adelman for many years and many of you got a very limited exposure to Mr. Adelman. (Inaudible) go back and the initial host fee and the Contract with Waste Management. Even when there may have been some disagreement, he was always a gentleman, he was always kind of an educator, changed my whole, whole perspective on what a landfill person is. And he was really just a great guy, a person who believed in fairness and a person who really was a good partner to Will County and he'll be missed by me and this County. You know today, the exchange of ideas, lively debate, no one should look at that as a negative, I think it's pretty healthy. I enjoyed it. I have always said it's fine to disagree, everyone showing to be respectful, we have different views perhaps, and I do think respect on this Board has always been maintained, so let's keep it that way. With that being said, that I don't usually make these type of comments when I give my final remarks but I do understand that there are philosophical differences and I do understand that, I feel that government is more important to be funded but I will always be on the side of the tax payer. I don't believe in worrying about funding government as perhaps others, (inaudible) to function, but that functionality is of course always up for debate so I always fall on the side of the tax payer...I represent the people, I don't represent the government and I hope everybody remembers that, you're voted by the people not the government, so keep representing the people and you'll do the right thing. Even if we disagree, you'll be doing the right thing. Boy it's starting to feel like Fall. The Hawks look good, Derek Rose looked pretty good. Here's a tidbit for you... Derek Rose and I grew up on the same street, 73<sup>rd</sup> and Paulina. (inaudible) 73<sup>rd</sup> and Armitage. There you go...didn't know that did you? Just a couple years apart...that's right...So, once we get to Halloween, it's getting darker early so be aware of that when you're driving and so forth, so go and have a great day, I appreciate you all, keep up the debate, keep up the fight, and we'll see you next month. Thank you.

County Executive Walsh stated thank you very much. We are going into Executive Session. We will take a five minute break to let the gallery clear out and guests and we'll be back here. We have Executive Session.

Members present: Zigrossi, Moustis, Howard, Ogalla, Izzo, Moran, Rice, Traynere, Bible, Goodson, Freitag, Gould, Balich, Fricilone, Adamic, Babich, Wilhelmi, Hart, McDermed, Weigel, Collins, Ferry and Brooks. Total: Twenty-three.

Members Absent: Harris, Winfrey and Maher. Total: Three.

Others Present: County Executive Walsh, County Clerk Voots, State's Attorney's Office; Ms. Mary Tatroe, Ms. Melanie Manning, Mr. Phil Mock; County Executive Staff; Mr. James Harvey, Mr. Nick Palmer, Mr. Paul Rafac, Mr. Bruce Tidwell, and Ms. Melissa Johannsen; County Clerk Representatives; Ms. Robin Tyda and Ms. Beth Pfanenstiel; Sheriff's Office; Mr. Dan Schaefflein; and Mr. Lawrence Weiner, Laner & Munchin Representative.

County Executive Walsh stated Executive Session is now closed.

County Executive Walsh stated seeing we have not other business; we stand as adjourned until Thursday, November 21, 2013 at 9:30 a.m.
