

Provisional Ballots

April 5, 2005 Consolidated Election

As required by the Help America Vote Act, every state must offer provisional voting, which allows voters whose registration is in question to cast a ballot that will count if their eligibility is verified by the County Clerk's Office after Election day. Below is the Voter's code, which is on the bottom of the receipt given to you on Election Day. It is 099-Will-and the last four numbers of your social security number. Locate your Code No. in the chart below which tells whether or not your vote counted. If it was not counted, it will list the reason why. This will also serve as a registration to either update our records or register you as a Will County voter. If you have any questions, please call Lona at 815/740-4620.
